

The National Online Dialogue on e-Navigation

Is Extended through 15 March 2013!

The [U.S. Committee on the Marine Transportation System](#) is extending its national online dialog on e-Navigation through 15 March 2013. Ideas are rolling in to this open dialog, so don't hesitate to join the conversation now!

To participate in this important conversation on the direction of e-Navigation in the United States, go to

<http://enav.ideascale.com>

Please take a moment to contribute your ideas and views. Comments provided to this dialogue will be considered by the CMTS e-Navigation Integrated Action Team in the ongoing development of its work plan and policy recommendations. An analysis of the feedback received through this outreach effort will be made available at the conclusion of this dialogue on the [CMTS website \(www.cmts.gov\)](http://www.cmts.gov).
