

TEN YEARS OF PARTNERING FOR THE
MARINE TRANSPORTATION SYSTEM
2005—2015

CMTS Webinar: Public-Private Partnerships and the Federal Arctic MTS

Wednesday, November 18, 2015: 4 – 5:30 p.m.* (EST)

National Strategy for the Arctic Region Action 1.1.3:

Develop recommendations for pursuing Federal public-private partnerships in support of Arctic maritime infrastructure activities.

Presented by:

CAPT Kirsten Martin, Senior Maritime Advisor to the Secretary of Transportation

Dr. Alyson Azzara, Senior Maritime Advisor, CMTS

Moderator: Helen Brohl, Executive Director, CMTS

The goal of this webinar is to seek input from Arctic stakeholders engaged in or planning to engage in public-private partnerships (P3) to understand current types of partners and partnerships, planned activities, as well as success stories from previous partnerships. This information will be used to inform the recommendations for P3 partnerships in support of Arctic maritime infrastructure activities, as well as highlight examples of successful infrastructure initiatives achieved through P3 that may serve as examples for future initiatives in the U.S. Arctic.

Comments in writing are most welcome through 25 November at ArcticMTS@cmts.gov

~ Please feel free to forward this webinar notice.~
